Prof. A. Gray

Dear Sir

I have dispatched today by express to a friend in New York a package of plants for you - They will be forwarded to Cambridge - The package contains four similar parcels - one for Mrs. Eaton - one from which you may perhaps select some plants to add to your own herbarium - & the remaining two marked "Andersson" & "Muller" are intended merely as a return to you for the plants I received when at Cambridge - The division was made to suit your convenience: if you think the parcels would not be acceptable to the persons named in their presents from you, will of course take out the undesirable specimens -

I would be glad to get from you any foreign plants you can spare me and will endeavour
